

The **Marie Skłodowska-Curie Actions (MSCA)** COFUND doctoral programme INNOCHEMBIO was funded by the European Commission in 2025 (Project number: 101217295). The coordinator **Tallinn University of Technology (TalTech)** and the implementing partner **National Institute of Chemical Physics and Biophysics (NICPB)** will host **15 PhD positions**.

WHAT WE OFFER

- ◆ 15 research topics in the field of chemistry and biotechnology
- ◆ Fellowships for 48 months
- ◆ Two to three supervisors, including one from associate partner
- ◆ Gross salary 2500 €, relocation allowance, optional family allowance (if applicable)
- ◆ Covered tuition costs, funding for research costs as well as long- and short-term mobility
- ◆ Access to modern laboratories, international research networks and an internship at a private company
- ◆ Programme that combines academic excellence with hands-on experience across sectors
- ◆ Become a MSCA doctoral fellow

HOW TO APPLY?

- ◆ Call open: 01.07.2025–31.08.2025
- ◆ The most up to date and detailed instructions can be found under our homepage
- ◆ Application must include: CV, motivation letter, copies of study records and diplomas, copy of ID, reference letters, eligibility statement
- ◆ Application must only be made through Taltech's official application platform (taltech.glowbase.com/positions)

PARTNERS

- ◆ 1 implementing partner – National Institute of Chemical Physics and Biophysics (NICPB) – who will train three of the INNOCHEMBIO PhD candidates.
- ◆ 19 associate partners from 11 European countries, involving both academia and industry.
